

**Job Title:** Corporate Controller  
**Reports to:** CEO  
**Employment Type:** Full-time, Remote  
**Location:** Philadelphia, PA

### **About BlueWhale Bio**

BlueWhale is a clinical-stage, revenue-generating biotechnology company committed to expediting the expansion and acceptance of cell-based therapies. Given the demand for cell therapy products that outstrip the available supply, BlueWhale Bio is addressing crucial deficiencies within the existing manufacturing framework. BlueWhale Bio's founding scientific team is led by Dr. Carl June and Dr. James Riley (University of Pennsylvania). Our team of scientists draws from a wealth of expertise, and it is developing an innovative platform and groundbreaking product portfolio to address critical shortcomings in the current process of cell therapies. Our technology holds the promise of bringing the full benefits of cell therapy to a broader spectrum of patients, doing so more rapidly and at a reduced cost.

### **About the Role**

The Corporate Controller will serve as the company's senior accounting and financial operations leader. This role is responsible for overseeing accounting, financial reporting, budgeting, cash management, and internal controls in a growing life sciences company. This is a hands-on role focused on building and maintaining strong financial infrastructure, ensuring accurate reporting, and supporting operational decision-making.

### **Key Responsibilities**

#### **Financial Reporting & Accounting Oversight**

- Own monthly, quarterly, and annual close processes
- Prepare and review financial statements in accordance with GAAP
- Oversee external accounting partners and audit process
- Maintain general ledger integrity and accounting policies

#### **Budgeting & Financial Planning Support**

- Coordinate annual budget process
- Prepare variance analysis and department-level reporting
- Support cash forecasting and working capital planning

### **Cash & Treasury Management**

- Monitor cash balances and short-term liquidity
- Manage accounts payable, receivable, and payroll processes
- Maintain vendor payment schedules and internal controls

### **Operational & Cost Oversight**

- Track departmental spending
- Support procurement review and cost analysis
- Ensure financial discipline across the organization

### **Compliance & Controls**

- Implement and maintain internal controls
- Manage insurance and risk-related documentation
- Ensure compliance with tax, payroll, and regulatory requirements

### **Education and Experience**

- Bachelor's degree in Finance, Accounting, or related field (required)
- CPA strongly preferred
- 6+ years of progressive accounting/finance experience
- Strong working knowledge of GAAP accounting required
- Experience in life sciences, biotech tools, medical devices, or regulated manufacturing preferred
- Experience managing accounting operations in a small or growing company
- Advanced Excel skills required; PowerPoint proficiency preferred
- Strong communication and cross-functional collaboration skills
- High degree of ownership and ability to operate in a hands-on environment

BlueWhale Bio is an equal opportunity employer. We offer an inspiring and innovative environment for talented professionals to contribute to groundbreaking research and advancements in the biotech industry. Join us as we shape the future of cell therapy and improve human lives through scientific excellence.
